

# WINTER SESSION 2019 - CALENDAR

This session at Gemini Gymnastics will consist of **19 weeks**, however, they may not be consecutive weeks. Please pay close attention to this year's calendar and mark down any holidays and cancelled dates. Please note that if a training day is not listed in the "Changes to Regular Schedule" section below, and you have not received either an email or a phone call from Gemini Gymnastics, then your child's class is **running as per usual**. All classes are **running** during March Break. During the last class, parents are invited to come into the gym for the **final 20 minutes** of the class to take pictures and view from up close!
